EXPERIENCE

KPMG Tax and Advisory Limited – Vietnam Hanoi, Vietnam
Risk & ESG Consulting Department Intern Jul – Aug 2025

- Structured and synthesized ESG regulatory frameworks across 4 client engagements, filtering complex legal and sustainability data into insights that streamlined research and informed strategic recommendations under tight timelines.
- Built a 5-section Excel decision tool (60+ green solutions dataset), translating fragmented EDGE certification standards into a clear evaluation framework that enabled clients to identify infrastructure gaps and prioritize investment actions.
- Assessed carbon credit feasibility for a petrochemical client by structuring fragmented regulatory inputs from Verra, Gold Standard, and regulatory sources into a coherent process flow; designed a data-visualization flowchart enabling evaluation of viable project development pathways and informing initial development strategy (with KPMG Singapore).
- Developed a 12-month implementation roadmap, synthesizing legal, market, and operational inputs into a client-ready deck that outlined clear execution steps and supported decision-making, incorporating senior-level feedback.
- Benchmarked against 4 global utility companies (EDF, ENEL, KEPCO, PT PGN) to identify ESG performance gaps, quantifying improvement levers and designing phased ESG transition strategies (4-month / 1-year roadmap).
